Comedian Billy Winn comes to the Nancy Marine Studio Theatre

Love & Marriage: A Tribute to Every Battered and Nagged Husband Alive Today

The Warner Theatre in association with Funny Guy Productions will present Billy Winn formerly from WPLR's Chaz & AJ in the morning show Saturday, October 3 at 8pm in the Nancy Marine Studio Theatre.

Billy Winn, a former US Postal worker started going to open-mike nights at a comedy club on Long Island. Then the Treehouse Comedy Club opened in Westport, and he was soon asked to be the regular master of ceremonies. In a few years, he was making more money as a comedian than as a postal worker, so he quit to do comedy full time.

Billy comes to the theatre to do a night on *Love & Marriage: A Tribute to Every Battered and Nagged Husband Alive Today*. Just when you thought you had it bad, you hear Billy Winns take on "love" and marriage in a very high energy and extremely funny show. Billy was a regular on the WPLR morning show for over 20 years and his quick wit and improv skills guarantee that no two shows are ever the same. This show is a must for anyone married, divorced or thinking about marriage... it could just be the counseling you need!

About the Warner

Built by Warner Brothers Studios and opened in 1931 as a movie palace, the Warner Theatre was described then as "Connecticut's Most Beautiful Theatre." Damaged extensively in a flood, the Warner was slated for demolition in the early 1980s until the non-profit Northwest Connecticut Association for the Arts (NCAA) was founded and purchased the theatre. The Warner reopened as a performing arts center in 1983, and restoration of the lobbies and auditorium was completed in November 2002. Today, the Warner is in operation year-round with more than 160 performances and some 92,000 patrons passing through its doors each season. NCAA's mission is to preserve the Warner Theatre as an historic landmark, enhance its reputation as a center of artistic excellence and a focal point of community involvement, and satisfy the diverse cultural needs of the region.
