#### **About the Warner**

Built by Warner Brothers Studios and opened in 1931 as a movie palace, the Warner Theatre was described then as "Connecticut's Most Beautiful Theatre." Damaged extensively in a flood, the Warner was slated for demolition in the early 1980s until the non-profit Northwest Connecticut Association for the Arts (NCAA) was founded and purchased the theatre. The Warner reopened as a performing arts center in 1983, and restoration of the lobbies and auditorium was completed in November 2002. Today, the Warner is in operation year-round with more than 160 performances and some 92,000 patrons passing through its doors each season. NCAA's mission is to preserve the Warner Theatre as an historic landmark, enhance its reputation as a center of artistic excellence and a focal point of community involvement, and satisfy the diverse cultural needs of the region.
